**CJASD: CRIMINAL JUSTICE ADVOCACY & SUPPORT DIRECTORY**  
**Directory of Services**

Guide to Services for Pennsylvania Inmates, Victims of Crime & Their Families

**2013-2015**

## ***Introduction***

The purpose of this directory is to provide a comprehensive listing of agencies in Pennsylvania, and to some extent nationally, which serves the needs of inmates, victims of crimes and their families, criminal justice professionals, volunteers and support persons. This directory is also intended to promote networking among the various individual agencies working within the criminal justice system.

The compilation, publication and distribution of this directory are the cumulative efforts throughout the past 22 years of countless professionals, volunteers, inmates and concerned citizens.

Special recognition goes to Mr. Angus R. Love, Esq., Executive Director of the Pennsylvania Institutional Law Project and to Mr. Thomas L. Brewster, Executive Director of CentrePeace, for their leadership, support and commitment to this directory. Both of these men have dedicated their lives to making a difference in the criminal justice system and in the lives it affects.

Gratitude is also extended to the Pennsylvania Department of Corrections for their cooperation in distributing the directory to correctional institutions throughout the Commonwealth.

And finally, sincere thanks to the small staff of CentrePeace and to the army of volunteers for the hours of assistance they provided in making this directory possible. Special thanks go out to Ms. Jo Anne Fischer and to Ms. Tonya Young for compiling, editing and coordinating the update of this directory. This publication is truly a collaborative effort.

Every attempt has been made to provide accurate and current information. Inevitably, errors will be found. CentrePeace would appreciate being notified of any corrections, additions or deletions.

Promotes Restorative Justice and the decrease in victimization in our communities by improving the attitudes and capabilities of individuals who are incarcerated through productive work and training in job and interpersonal skills. Programs offered by CentrePeace include: **Project Restore** where Centre County inmates learn valuable job, time management and social skills. Inmate volunteers help repair & refinish furniture and are required to complete courses entitled, **Creative Non-Violent Conflict Resolution** and **Breaking Barriers** where they learn to appreciate others’ points of view, assume responsibility for mistakes and identify and replace destructive patterns of behavior with positive ones. **Prayer Mates** is a spiritual “pen-pal” program in which participants, using first names only, communicate through a CentrePeace staff coordinator. Many inmates have credited this program with helping to develop a sense of reconnection to the community. **Christmas Cards for Inmates** distributes over 24,000 Christmas cards annually decorated by children and volunteers to local and state correctional facilities throughout Pennsylvania. This is sometimes the only piece of mail an inmate receives all year and it reminds them of all of the love and hope symbolized Christ’s love for them. **Conflict Resolution Workshops** are held regularly on the Special Needs Unit at SCI – Rockview, along with **Breaking Barriers** and a 12 week course entitled, **From the Inside Out: Taking Personal Responsibility for the Personal Relationships in Your Life**. **The Criminal Justice Advocacy & Support Directory** that you are now holding is a collaborative effort between **CentrePeace, Inc.**, and the **PA Institutional Law Project** which lists social service agencies, by county, that provide services for victims of crime, inmates and families of all involved. Christian volunteers enter prisons weekly to facilitate small discussion groups. Topical and Bible studies, along with prayer, are to complement felt needs surfacing in the session. Emphasis is on respectful listening and caring relationship building, compared to “conducting a service” or preaching and teaching. The Gospel of Jesus Christ offers hope for the future. It calls for repentance, offers forgiveness, renewal and reconciliation. Re-entry issues are of great priority. By discussing topics about lifestyle and skills we can reduce the tendency of a return to prison. We offer in-prison support, aftercare support, family & community support.

### IV. State Department of Corrections

New Organization Name

Pennsylvania Correctional Industries (PCI) aims to maximize inmate employment while providing vocational training and work experience. The program provides inmates with job skills that are marketable in high-level production and manufacturing occupations. Inmates are trained in 115 different job titles, including machine and equipment operators, laundry workers, cannery workers, shipping and receiving clerks, painters, meat cutters, bookkeepers and optical lab technicians. To qualify for the program, inmates must be in good standing and able to read at a fifth grade level.

#### **Bureau of Community Corrections**

The Bureau of Community Corrections supervises the residential treatment services provided to inmates housed in the Department's 14 community correction centers and nearly 50 private contract facilities. Programs include transition services from state correctional institutions to the community, as well as a halfway-back program for parolees encountering difficulties in the community. Community corrections centers are instruments of the Department of Corrections that provide initial support to the resident in his or her first steps back to the community through: counseling services to both individuals and their family; employment assistance; vocational and educational guidance; and referrals to other public and private agencies. Additional information is available at [www.cor.state.pa.us/programs2.html](http://www.cor.state.pa.us/programs2.html).

#### **Community Orientation Reintegration Program**

The Pennsylvania Department of Corrections recently began a new pre-release program, the Community Orientation Reintegration program. The first phase begins five weeks before an inmate is released to parole. The inmate is taken out of all other programs and given a "booster

shot” of programs, which includes such elements as drug and alcohol programs and anger management. In Phase II, inmates are released to a community corrections center/halfway house, where they receive social services and job assistance and continue drug and alcohol treatment and relapse prevention. If an inmate has not received drug and alcohol treatment during incarceration, he or she is placed in a residential treatment program under contract with the Pennsylvania Department of Corrections for 30 to 90 days. Inmates who have received treatment during incarceration attend day treatment at the community corrections center. Once inmates find a job they are allowed to leave the center and enter regular parole. A description of the program can be found at:

**Metropolitan Career Center/STRIVE Philadelphia**

Metropolitan Career Center (MCC) is a private, non-profit accredited school that serves under-skilled and economically disadvantaged Philadelphia youth and adults, enabling them to find and keep jobs. The Center offers five roads to employment, ranging from STRIVE, a four-week quick "attachment to the workforce" program, to a 60-week training course in computer hardware and software support that confers an Associate Degree in Specialized Technology Training and is provided free of charge to qualified students. MCC/STRIVE is an intensive four-week program. The program stresses the development of interpersonal skills, team building, and employment readiness. Through structured classes and group interaction, students develop job application skills, including resume writing, interviewing, and telephone usage. Students also receive individual counseling to help them address personal and family issues or other barriers. Referrals to outside agencies for assistance with housing, childcare, and other needs are made as necessary. Formal collaborations have been developed with Children's Aid Society of Pennsylvania and the Tenant Action Group to facilitate students' easy access to these supplemental services. Additionally, STRIVE staff maintain an active job bank and refer students to appropriate interviews. After students graduate from STRIVE, they can take advantage of these services and participate in Job Club activities until they are employed. In addition, MCC instituted a pilot program in 2002, an enhancement to STRIVE called Employment Plus in which STRIVE graduates receive more intensive follow-up and support services for 12 months after graduation to encourage and support long-term job retention and skill upgrading. These services focus on helping participants to overcome problems in the workplace and in their personal lives that could lead to their termination or resignation. Lastly, GED and computer classes offered on Saturdays are geared toward helping graduates gain advancement in the workplace.

## ***Pennsylvania Energy Assistance Programs***

### **Budget Billing**

---

All residential customers may contact their electric or natural gas company and request budget billing at any time. Each monthly bill will be the same amount. The company may adjust the bill four times a year, up or down, depending on the customer's usage.

### **Customer Assistance Program (CAP)**

---

**CAPs** can lower your monthly utility bill. CAPs may also remove the amount you already owe. The different CAP names are shown beside the company names below. The company works with the customer to determine what the customer can pay versus the cost of energy used.

### **Customer Assistance Referral and Evaluation Program (CARES)**

---

The **CARES** program helps customers with special needs. CARES may help you find ways to pay your utility bill. For example, special needs are customers who are experiencing family emergencies, divorce, unemployment, or medical emergencies. The goal is to provide support and direction to help customers pay their utility bills.

### **Low-Income Usage Reduction Program (LIURP)**

---

**LIURP** helps low-income residential customers lower the amount of electricity or natural gas used each month. Typically, the company may install energy saving features in your home to help reduce bills. For example, smaller bills mean your payment covers a greater portion of the bill, or perhaps covers the whole bill.

### **Hardship Funds**

---

Utility company **hardship funds** provide cash assistance to utility customers to help them pay their utility bills. Hardship funds provide assistance grants to customers who "fall through the cracks" of other financial assistance programs, or to those who still have a critical need for assistance after the other resources have been exhausted. The funds make payments directly to companies on behalf of eligible customers.

### **Assistance Qualifications**

---

Customers must meet certain income limits and be payment-troubled to qualify for CAP, CARES, LIURP and Hardship Funds. Payment-troubled usually means customers have made a payment agreement with the company. The chart below shows the income levels customers must meet for CAP. The income levels are slightly higher for LIURP, CARES and Hardship Funds. Customers who meet these limits, should call their local electric or natural gas company for details to see if you qualify. Each company's toll-free number is listed below.

The LIHEAP program provides both cash and crisis benefits to low-income households. Cash benefits help low-income customers pay for their home energy needs while crisis payments help meet emergency home energy situations.

Your household income must be within certain limits to qualify. These limits are listed on DPW's website at [Energy Assistance - General Information](#).

# ***Federal Bonding Program***

*An Incentive Program for Hiring Individuals with Criminal Records*

## ***Highlights of the Federal Bonding Program***

### **Fidelity bonding Services Are User-Friendly**

- NO bond approval processing—local staff instantly issue bonds to employers.
- NO papers for employer to sign to obtain free bond incentive for job hire.
- NO follow-up and NO termination actions required for bond issued.
- NO deductible in bond insurance amount if employee dishonesty occurs.
- NO age requirements for bondee other than legal working age in State.
- NO other U.S. program provides Fidelity Bonding services.
- NO Federal regulations covering bonds issued.
- ANY job at ANY employer in ANY State can be covered by the bond.

### **What Is Fidelity Bonding?**

- Insurance to protect employer against employee dishonesty.
- Covers any type of stealing: theft, forgery, larceny, and embezzlement.
- In effect, a guarantee of worker job honesty.
- An incentive to the employer to hire an at-risk job applicant.
- A unique tool for marketing applicants to employers.
- DOES NOT cover liability due to poor workmanship, job injuries, work accidents, etc.
- Is NOT a bail bond or court bond needed in adjudication.
- IS NOT a bond needed for self-employment (contract bond, license bond or performance **bond**.)

### **Why Is Fidelity Bonding Needed for Job Placement?**

- Employers view ex-offenders and other at-risk job seekers as potentially untrustworthy workers, thereby, denying them job-hire.
- Insurance companies will not cover risky job applicants under commercial Fidelity Bonds purchased by employers to protect themselves against employee dishonesty.
- Anyone who has ever “committed a fraudulent or dishonest act” is deemed NOT BONDABLE by insurance companies, a situation leading to routine denial of employment opportunities for such persons.
- Being NOT BONDABLE is a significant barrier to employment possessed by the hardest-to-place job applicants; this barrier can be eliminated only by The Federal Bonding Program.
- Job bonding enables the employer to “obtain worker skills without taking risk.”
- Persons who are NOT BONDABLE can ultimately become commercially BONDABLE by demonstrating job honesty during the 6 months of bond coverage under the Federal Bonding Program (such commercial bonding will be made available by the Travelers Casualty and Surety Company of America; referred to hereafter as TRAVELERS).

## Who Is Eligible for Bonding Services?

- Any at-risk job applicant is eligible for bonding services, including: ex-offenders, recovering substance abusers (alcohol or drugs), welfare recipients and other persons having poor financial credit, economically disadvantaged youth and adults who lack a work history, individuals dishonorably discharged from the military, and others.
- Anyone who cannot secure employment without bonding.
- All persons bonded must meet the legal working age set by the State in which the job exists.
- Self-employed persons are NOT ELIGIBLE for bonding services (bondee must be an employee who earns wages with Federal taxes automatically deducted from paycheck).
- Bonds can be issued to cover already employed workers who need bonding in order to (a) prevent being laid off, or (b) secure a transfer or promotion to a new job at the company.
- Bonding coverage can apply to any job at any employer in any State.

## How Can Bonds Be Accessed Under the Federal Bonding Program?

- Any organization is now eligible to deliver bonding services under The Federal Bonding Program; for many years bonding services were almost exclusively delivered by the State Employment Service.
- All organizations issuing Fidelity Bonds must be “certified” to do so by The Federal Bonding Program.
- The Fidelity Bonds issued to employers covering at-risk applicants are made available exclusively to The Federal Bonding Program by Travelers which is not duplicated by any other U.S. program.
- Bonds are issued instantly to be in effect the day that the applicant is scheduled to start work; the bonds are self-terminating (no termination paperwork needed), and the employer does not sign any papers in order to receive the bond free-of-charge.
- The bond insurance issued ranges from \$5,000 to \$25,000 coverage for a 6-month period with no deductible amount (employer gets 100% insurance coverage); when this bond coverage expires, continued bond coverage can be purchased from TRAVELERS by the employer if the worker demonstrated job honesty under coverage provided by The Federal Bonding Program.
- Bond can be issued to the employer as soon as the applicant has a job offer with a date scheduled to start work.

## Individuals Seeking Bonding

- The Federal Bonding Program provides fidelity bonding for the first six months of employment for hard-to-place job applicants. If you are seeking bonding services and/or a job you should call the following toll-free number for 1. the location of the workforce office/one-stop center nearest your home and, 2. the telephone number of the State Bonding Coordinator for your state. In those states without a state bonding coordinator, callers will be referred to the nearest career center/ one-stop center for employment assistance.
- **Call toll free: 1.877.US2.JOBS (1.877.872.5627)**
